

ABATE of Nebraska District 2 Bike Show FAQ's

New Event Center rules for 2016:

- 1. No signs, posters, etc can be 'taped' to the walls. NO EXCEPTIONS**
- 2. No fog/smoke machines can be used in the facility – ordered by the Fire Marshall**

Height Restriction:

No display can block the area between 4' and 7'. Banners/Displays may be hung above or below this restricted area unless placement is against a wall. If you have a display that is 4 ft or more, please call right away for availability and placement. Also, please put this information on the 'special placing needs' section of your form after you have contacted us.

Electricity:

The 110 electricity has been increased at the event center so we need to pass on this increase to our vendors and participants. Vendors will be charged \$50. Participants will be charged \$10 for individuals and \$25 per group.

For vendors using 220 electricity, the cost has increased to \$125 per vendor. We also need 30 days notice if 220 electricity is needed or additional fees may apply. Please send this fee along with your booth rental and mark clearly on the form that you do need electricity.

Vendor discount:

We do have a vendor discount for those vendors who will be taking 4 or more spaces. Please call for discounted price.

Group discount:

We also have a group participant discount. If you are part of a 'group' display, pricing will be \$25 per space instead of \$30. Please take this discount at the time you send in your forms. There will be no refunds once the forms and payments have been processed.

There are NO EARLY TEARDOWNS – No exceptions. Show is open until 5pm on Sunday and everyone needs to stay in their booths until the show has ended. We also ask that when you do tear down, please pull up the tape from the floor in your area. This is greatly appreciated and has helped tremendously in the past.
